

Patient Information and Consent Form

Risk of Coronavirus (COVID-19) Transmission at healthy for life chiropractic

Please read this form, discuss with me if necessary and sign where indicated.

This Form is in addition to consent form for chiropractic examination and treatment

The Government published a Statutory Instrument on 26th March 2020, **no. 350 'The Health Protection (Coronavirus, Restrictions) (England) Regulations 2020'** confirming that it is lawful for a chiropractic practice to remain open. It further defines those people who are classed as 'vulnerable'.

In accordance with up-to-date Government and Public Health England guidance I have taken precautions to protect my patients and myself. These include rigorous sanitization procedures. **I also request that any symptomatic patients follow NHS guidance on self-isolation and refrain from visiting the practice at this time.** Despite this, there is a risk of transmission of the Coronavirus (COVID-19) and it is important that you are aware of the risk.

Precautions that healthy for life chiropractic has in place:

- **All patients wishing to make an appointment are triaged over the telephone to establish their status (asymptomatic / symptomatic / self-isolating / living with someone symptomatic or self-isolating / have been in contact with anyone symptomatic).**
- **Only people in the asymptomatic category can attend the clinic.**
- **A second triage is conducted on arrival at the practice.**
- **A strict cleaning, sanitation and infection control protocol is adhered to.**
- **We will follow government social distancing guidance where possible.**
- **Clinic layout and the timing of appointments have been adapted to maintain social distancing.**

Eligibility for Care
